Jyotishya is as old as the Vedas and is one of the Six Vedaangas(Auxiliary Disciplines or Limbs of Vedas) needed to study the Vedas. Jyoti means light and Jyotishya is described as the "eye" of Vedas. Jyotishya is the key to understand the esoteric wisdom of the Vedas. Yoga is a process of uniting Self with Super Self and is again part of the Vedas, making Yoga and Jyotishya inseparable. To explore the relationship between Yoga and Jyotishya, Yogabharati is organizing this Workshop with an expert on Jyotishya and Yoga - Sri Ch.S.N.Raju.
